Ngargee

The name Ngargee has an ancient history. It's a Boon wurrung word which describes the gathering of Aboriginal people for celebration through story, song, and dance. The 'Ngargee Gum Leaf Project' is a key feature of Fed Square's Christmas Event Program. A major highlight of Ngargee will be a beautiful art installation created by indigenous artist Donna Brown, featuring hundreds of gum leaves painted by indigenous and non-indigenous children across Victoria. Be one of the first to see the beautiful Christmas gum leaf public display at the Atrium, Federation Square this December.
