A - INSTRUCTIONS TO TENDERERS

In submitting a tender, the tenderer accepts in full and without restriction the special and general conditions governing this tender as the sole basis of this tendering procedure. The tenderer accepts War Child Holland General Terms and Conditions of Purchase by default or will include its own Sales conditions in its offer. These are available upon request at tenders.cwtl@warchild.nl.

If the tenderer wishes to point out restrictions to War Child Holland General Terms and Conditions of Purchase, such reservations should be clearly explained in a letter included in the offer.

Failure to submit a tender containing all the required information and documentation within the deadline specified may lead to the rejection of the tender.

1. Preamble

War Child Holland (Stichting War Child) is a non-governmental organisation.

War Child Holland has been active in Uganda since 2004. Currently War Child Holland’s programme in Uganda focuses on refugees and the surrounding host communities in the northern part of the country. People escaping conflicts in neighbouring states - in particular South Sudan - have entered Uganda in large numbers over the course of 2016 and 2017.

War Child Holland works to protect and support children and young people in Uganda through projects designed to deliver psychosocial support. This support - coupled with our protection and education components - enables children to develop coping skills, build their resilience and recover from the consequences of conflict. Worldwide, more than 35 million children are denied schooling due to conflict. For some of these children, war in their own countries has destroyed the education system. Others have been forced to flee, and have no access to education as refugees. For these children, War Child Holland, together with local and international partners, has developed an innovative education method: Can't Wait to Learn.

All children have a right to education. Education provides children with hope, structure and real opportunities for a better future -- crucial for children living in (former) conflict zones.

All too often in areas affected by conflict, traditional education cannot happen. Classrooms are unavailable, inaccessible, and can be dangerous. Teachers lack quality training and support. Government education budgets are often insufficient. In the meantime, a generation of children, eager to learn, miss out on education.

Even though traditional education cannot happen, meaningful and impactful education cannot wait. Education builds the capacities of children, parents, teachers and community members to cope with conflict - and to help prevent conflict in the future.
Education is vital to breaking cycles of poverty and instability, and empowers future parents and leaders.

*Can't Wait to Learn* is unique in that children can learn in their own community, even when there are no teachers. Children learn by playing serious educational games on tablet computers. The game itself includes instruction, practice, and a learning management system.

*Can't Wait to Learn* aims to support and supplement the traditional education model in conflict-affected areas in the short term, without displacing it in the long term.

### 2. Purpose of the Call for International Tender

The purpose of this Call for International Tender is to solicit competitive offers for the supply of computer tablet kits and accessories. The tender is divided into 2 parts. Applying for only one order will lead to the rejection of the tender.

War Child Holland does not bind itself to accept the lowest price or any offer. All offers will be irrevocable after the Call for Tenders closing date. War Child Holland reserves the right to select a shortlist of pre-selected suppliers, based on the criteria announced in paragraph 14 of the present document. Further discussions and competitive dialogue may then be conducted with the pre-selected suppliers.
8. Period of validity

committee, to provide clarifications within 48 hours. Any such request for clarification must not seek the correction of formal errors or of major restrictions affecting performance of the contract or distorting competition.

Any attempt by a tenderer to influence the evaluation committee in the process of examination, clarification, evaluation and comparison of tenders, to obtain information on how the procedure is progressing or to influence War Child Holland in its decision concerning the award of the contract will result in the immediate rejection of his tender. No liability can be accepted for late delivery of tenders. Late tenders will be rejected and will not be evaluated.

14. Notification award and contract signature

The successful tenderer will be informed in writing that its tender has been accepted (notification of award). War Child Holland will send the signed purchase contract documents in two original copies to the successful tenderer.

2. The economic or technical parameters of the project have been fundamentally altered;
3. Exceptional circumstances or force majeure render normal performance of the project impossible;
4. All technically compliant tenders exceed the financial resources available;
5. There have been irregularities in the procedure, in particular where these have prevented fair competition.

Under no circumstances will War Child Holland be liable for damages, whatever their nature (in particular damages for loss of profits) or relation with the cancellation of a tender, even if War Child Holland has been warned of the possibility of damages.

The supplier has to notice War Child Holland about any potential delay, as soon as he is aware of it, in order to anticipate and minimise the consequences. If no agreement can be found, and even if the supplier has informed War Child Holland upfront, and if the delay is solely the supplier's responsibility, penalties below will apply.

In the event of the supplier being late for delivering the products, a penalty of ten per cent (10%) of the total order amount (before tax) of the products to be delivered, shall apply per week of delay. Any fractional part of a week is to be considered a full week. These penalties do not apply in case of force majeure, or if the delay is the responsibility of War Child Holland.

If delivery does not take place one month after the set delivery deadline, the contract will be deemed void.
