## ABOUT SAVE THE CHILDREN INTERNATIONAL

Save the Children International is one of the largest International Non-Governmental Organisations (INGO) in the Humanitarian Sector. Founded over 100 years ago, and operating in 100+ countries, we deliver aid to approximately 50 million children each year. In 2019 our total income was \$2.2bn.

We have operated within Ukraine since 2014, and in March 2022 we significantly increased our presence and operations to support the current crisis. We are currently delivering a range of programming activities – across education, child protection, rehabilitation, food, water hygiene etc. – to hundreds of thousands of children and families.
